## Request For Bids Timetable

The following schedule has been established for the Request for Bids (RFB) for the sale of food from pushcarts and mobile trucks Citywide. This schedule is subject to change as circumstances warrant.

**RFB Release Date: April 15, 2005**

**Bids Due: Monday May 16, 2005 @ 11am**

***Note:** If you have a physical disability which would prevent you from delivering your bid to the Arsenal, please contact the project manager at least 48 hours prior to the bid submission deadline above so that special arrangements can be made to accommodate you.*

## Project Managers

NYC Parks & Recreation project managers for these concessions are:

Slater Gray:	Queens
Patricia Macaluso:	Northern Manhattan (including Central Park)
Gabrielle Ohayon:	Brooklyn and Manhattan-South of 59 <sup>th</sup> street
Jeffrey Shatz:	Staten Island and The Bronx

Please call the project managers at 212-360-1397 if you have any questions regarding this RFB or these concessions. You may also fax your questions to them at 212-360-3428 or 212-360-3434. You can also leave a message for them on the Telecommunications Device for the Deaf (TDD) at 800-281-5722.

## Request For Bids

NYC Parks & Recreation requests bids for the sale of food from pushcarts and mobile trucks at locations citywide. A **three (3) season** term is offered (**unless otherwise noted**) beginning with the effective date through December 31, 2007 (**unless otherwise noted**).

**Note:** If you are a successful bidder, you will be notified that you have thirty (30) days in which to obtain insurance coverage, post a security deposit, and sign your permit with NYC Parks & Recreation, and pay any outstanding balances owed from any current or past permits. If within this thirty (30) day period you do not respond accordingly, your bid deposit of \$600.00 will be seized, and Parks may award the concession to the next-highest bidder or re-advertise the location, if it feels that it would be in the best interest of the city to do so. Your failure to enter into an agreement with Parks may be considered in the evaluation of future bids.

## Approved Menu and Maximum Prices

Unless otherwise indicated, all pushcart locations are for the sale of the items listed below, at prices no greater than the prices below. Under no circumstances may any mobile food concession exceed these maximum prices for the items listed below. **Please note that processing/cooking grills will not be allowed at any pushcart locations except those listed in this RFB as processing cart locations.**

Mobile truck concessionaires may, with Parks' approval, sell items other than the items listed below. If you would like to sell items other than those listed below at a mobile truck location, please be sure to include a proposed menu with a price list in your bid submission. Pushcart locations designated as *ethnic food cart*, *specialty cart*, and *breakfast cart* are for the sale of specific food items that must be approved by Parks. Ethnic food carts may sell items other than those listed below, including dishes native to other parts of the world, but they will not be permitted to sell the items on the menus below, with the possible exception of beverages and chips. Specialty carts may sell a variety of foods not included on the following menus, including potato skins with fillings, chili, crepes, soups, popcorn, cotton candy and other items, as well as unique soft drinks, such as egg creams, and fruit juices. Breakfast carts are for the sale of breakfast foods. If you are bidding on any such locations, please be sure to include a proposed menu with a price list in your bid submission. **NOTE: Unless otherwise noted, if you operate a pushcart location that also contains a 3' x 3' ice cream cart, in cold weather you may substitute the ice cream cart with a 3' x 3' nut cart.**

*The following menu lists the items that may be sold at pushcart locations and the highest prices that may be charged for the items.*

## Operating Hours

**Vendors may only operate during the hours that a park is open. Mobile trucks and pushcarts may not remain at the vending location overnight.**

## Bid Submission Instructions

All bids **must** comply with all items in the Bid Submission Requirements section below, and should comply with all items in the Bid Submission Guidelines section below. A completed bid form (attached to the back of this RFB), a bid deposit, and any additional information must be submitted in a sealed envelope with the following information written on the outside of the envelope:

- < **Name and address**
- < **Solicitation CWB 03/05**
- < **Locations and property numbers on which you are bidding**
- < **Due: Monday May 16, 2005 @ 11am**

Additional information submitted should be printed or typed on 8 ½" x 11" paper. No bids should be submitted in plastic sleeves or spiral binders. Telegraphic or facsimile bids will **not** be accepted.

## Bid Submission Requirements

**Each bid submitted must meet the following requirements. Bids that do not comply with these requirements will be automatically disqualified from further consideration. NYC Parks & Recreation cannot consider bids that do not comply with these requirements.**

**Social Security Number: Your Social Security Number must be included on the bid form.**

### **Fee Offer:**

Each bid should contain a fee offer to the City expressed as a guaranteed annual payment for each season/year of operation. The seasons/years offered are defined as follows:

**Season/Year 1:** Start date (usually about one month after date available) through December 31, 2005

**Season/Year 2:** January 1, 2006 through December 31, 2006

**Season/Year 3:** January 1, 2007 through December 31, 2007

You must submit a separate fee offer for each location that you are bidding on, even if the locations are in the same park. Parks expects an increase of at least 5% in the annual fee for each successive season of the license. **You must specify the amount you offer for each season/year.**

### **Minimum Bid:**

**Parks has established a minimum bid of \$600.00 for each year/season of operation. Parks will not accept any bids lower than \$600.00 for each year/season of operation.**

In the event that several bids are comparable, i.e., close, Parks will use a Net Present Value (NPV) analysis to determine which bid is highest.

### **Bid Deposit:**

Each bid must be accompanied by a bid deposit in the form of a certified check, official bank check, cashier's check or money order in the amount of six hundred dollars (\$600.00) per location. **Personal checks will not be accepted.** The certified check(s) or money order(s) must be payable to NYC Parks & Recreation. Parks requires a \$600.00 bid deposit for each site on which you are bidding. Bidders should clearly indicate their name and address on the face of the certified check or money order. A certified bid deposit of \$600.00 is required for each location. In the event that the highest bidder for a given location fails to enter into a contract with Parks, his or her bid deposit will be seized. All other bid deposits will be returned after contracts are signed with successful bidders.

**Example:** If you are bidding on ten (10) locations, you may submit one certified check/money order in the amount of \$6,000.00, although Parks would prefer 10 separate certified checks/money orders in the amount of \$600.00 each, one for each location. In this example, if you submit one certified check/money order for \$6,000.00 and you win five of the ten locations on which you bid, you would be entitled to a refund of \$3,000.00. However, because of city administrative procedures, it would be approximately four to six weeks before you would receive your refund. On the other hand, if you submit ten separate certified checks/money orders for \$600.00 each, Parks can return your \$3,000.00 in bid deposits promptly.

Each bid must clearly indicate the location on which you are bidding. A separate bid/fee offer should be made for each location. You may use a copy of the form enclosed with the RFB for each location.

### **Bid Deadline:**

All bids must be received in the office of the Assistant Commissioner, Revenue Division, New York City Parks & Recreation, The Arsenal, 830 Fifth Avenue, Room 407, New York, NY 10021 **no later than Monday May 16, 2005 @ 11am.** Hand delivery to Room 407 before the deadline is recommended to ensure consideration of your bid. **All bids must be submitted in sealed envelopes. Bids received after the time and date listed above will be returned to the bidder unopened and will not be considered for award.**

## **Bid Submission Guidelines**

Each bid is expected to include the following information:

1. Please include a clear photo or rendering of the pushcart or mobile truck that you will use.
2. Please include a description of the hours of operation, as well as a maintenance schedule for cleaning the area within 50 (fifty) feet of the vending unit.
3. Please submit both a wholesale and retail price list of items to be sold.
4. Please include a resume or description of your professional experience.
5. Please include a financial statement and completed business and personal questionnaires.
6. Please contact the project manager to obtain these questionnaires. If updated financial statements and questionnaires are on file, you need not resubmit them.

## Requirements During The Term of The License

A non-renewable term of three **(3) seasons** is offered. All permits for the locations offered in this RFB will expire on December 31, 2007 (12/31/07), unless otherwise noted. No longer term will be considered.

1. If you win a location, you will be required to present **picture identification** (such as a drivers license or a passport) and **proof of address** (such as a utility bill) in order to sign your permit. In addition, you will be required to provide us with at least two telephone numbers (see bid form, at end of document) at which we will be able to reach you. **If there are any changes in your address or phone number/s, you must inform the Parks Revenue office immediately.**
2. The annual fee is expected to be paid in monthly installments as follows: The fee offer in any given year is expected to be due on the **first** day of each month on a schedule that ends **no later than September** of that year. There will also be an **“upon signing” fee** that will be not less than the monthly fee. For years two and three, the monthly payments are expected to begin no later than May of each year.
3. Concessionaires will be required to purchase or otherwise obtain use of pushcarts or mobile trucks. You will be required to present your pushcart or mobile truck to NYC Parks & Recreation for inspection before your permit is signed.
4. Pushcarts, mobile trucks, umbrellas, canopies and other equipment attached to pushcarts or mobile trucks shall be of a design and color approved by Parks. In addition, the concessionaire shall repair or replace the above if deemed necessary by Parks. Advertising of product brands will not be allowed without Parks’ approval. All umbrellas/awnings must be green and white. **NOTE: THE SALE OF BEVERAGES IN GLASS BOTTLES IS PROHIBITED.**
5. In addition to a Parks’ permit, vendors must obtain a Department of Health License for their truck or cart, and a vendor ID card for each operator. If you are a new vendor with the City please be aware that this process takes between six and eight weeks. You will not be allowed to apply for your Health Department permits until you have obtained your Parks permit. If you win a location, contact the New York City Licensing Department, 42 Broadway, 5th floor, Monday through Friday 8:30am to 5pm, or by phone at 212-487-4436.

**Note: If you are operating without all necessary permits, you may be subject to fines and/or confiscation of your merchandise and vending unit.**

6. Vending units must have garbage receptacles present at all times. Operators will be responsible for cleaning the area within 50 feet of their concession.
7. Concessionaires must cooperate with Parks if directed to move for special events or other unanticipated eventualities. Concessionaires may only operate during the hours that parks are open to the public.
8. Concessionaires **will be required to maintain insurance for the duration of their license term.** The required coverage is \$500,000 in commercial general liability insurance and \$50,000 in property damage liability insurance. Insurance certificates must name City of New York AND New York City Department of Parks and Recreation (830 5<sup>th</sup> Avenue, New York, NY 10021) as

certificate holder and as additional insured. The certificate must also specify the name of the park and the location of the concession.

9. Parks must approve all menu items and their prices. A price list, approved by Parks, must be prominently displayed at your vending unit at all times.
10. **For every permit, the city requires a minimum security deposit of at least 25% of the highest year's fee.** This security deposit will be held by the City for the duration of the license term.
11. Concessionaires will be required to submit monthly statements of gross receipts in a format provided by Parks.
12. Concessionaires are expected to comply with all terms of their permits. Inspectors from Parks will visit the concession site unannounced to inspect your operations and determine whether or not you are complying with the terms of your permit. If inspectors find violations, you may be fined for each violation. If you do not pay such fines, they will be deducted from the security deposit held by Parks. You will be responsible for replenishing the fee deposit by the amount deducted.
13. Concessionaires will receive a permit sticker upon signing their permit. A new sticker will be issued for each season of operation, provided you comply with the Requirements During the Term of License. If you lose a sticker, you will be charged a fee of \$50.00 for each replacement sticker.
14. If you do not comply with the terms of your permit, your permit may be terminated. Any warnings or terminations may be considered in making future bidder responsibility determinations.
15. Vendors may only operate during the hours that a park is open. For example, if the park closing time is 10pm, the vendor may not operate after that time. Mobile trucks and pushcarts may not remain at the vending location overnight.
16. Proposers should be aware that the City is developing "marketing partnership" agreements identifying specific brands as the "designated" products of the City of New York. As this occurs, the concessionaire will be required to sell the specific products so identified if the concessionaire sells goods in that product category. If directed by the City, the concessionaire will be required to purchase the products from designated distributors, provided the said distributors provide the products at a competitive price. If the product is in the form of a service, the concessionaire will be required to use the service identified. (For example, if the City enters into a marketing partnership with a financial institution that provides credit card service, the concessionaire will be required to accept payment by means of that credit card). The concessionaire, working with the City's marketing representative, may be required to give the City's marketing representative priority in the placement and scheduling of advertising. Marketing partners will be required to pay the market rate for any such advertising. In addition, the City reserves the right to place vending machines on and around the licensed premises and to preclude licensee from selling products in those categories for which the City has entered into a "marketing partnership" with a marketing partner. Preclusion of any such product will not change the amount of payments to the City. The City's marketing partners may also be authorized to install, operate, maintain and repair vending machines within the licensed premises that compete with licensee's products. Licensees should also be aware that the City has entered into a marketing partnership agreement with the Snapple Beverage Group, Inc., pursuant to which, Snapple has been granted the exclusive right to sell iced teas, bottled water and chocolate drink in vending machines on city owned or controlled property. Licensee may be

precluded from selling those products if Snapple vending machines are placed on or around the licensed premises.

## Pushcart and Mobile Truck Maintenance and Requirements

It is necessary to keep pushcarts and mobile trucks in good condition. This involves ensuring that pushcarts or mobile trucks do not leak any type of fluid, including water, onto the ground. It is also necessary to keep pushcarts and mobile trucks clean and free of graffiti. The umbrella that is used must be an official NYC Parks & Recreation green and white umbrella. Pushcarts and mobile trucks must also be free of any and all advertising, including advertising for hot dog, beverage, and pretzel companies. Pushcarts and mobile trucks must not be damaged or dented.

In addition to keeping pushcarts and mobile trucks clean and in good condition, a NYC Parks & Recreation permit must be displayed at all times in a visible location. A menu and a price list must also be displayed at all times for ***all*** items that are sold at the pushcart or mobile truck, **including ice cream and ices.**

Pushcarts and mobile trucks must remain in the specified location on your permit at all times. Pushcarts and mobile trucks may not extend vending space beyond the confines of the pushcart or the truck.

No food products or beverages may be stored on the ground or on any surface in the park other than in or on the pushcart or in a separate gray or black rubber container or receptacle. Each pushcart is permitted to retain **one** extra gray or black rubber container in which extra beverages and ice can be placed.

If any of the above stipulations is violated, the concessionaire may be fined for each and every offense. The **fine schedule** is as follows:

<u>Incident</u>	<u>First</u>	<u>Second</u>	<u>Third</u>	<u>Incident</u>	<u>First</u>	<u>Second</u>	<u>Third</u>

No valid New York City Health Dept mobile truck/pushcart License	\$250	\$350	\$400				

## **Procedure for Appeals of Assessments To Concession License Violations**

If a fine is received for one of the above violations, there is a process by which the fines may be appealed if the concessionaire feels that the fine has been assessed in error. The procedure is outlined below:

### **1. Filing an Appeal**

A. If the concessionaire wishes to appeal the assessment, a notice of appeal must be delivered to Parks within ten (10) days along with a statement of reasons why he or she believes the assessment was erroneous. The statement of reasons must be notarized. Any evidence supporting the concessionaire's appeal (such as photographs, documents, witness statements) should also be included.

B. If no appeal is received within 10 days of the date the assessment is mailed, the assessment shall be considered final and charged to the concessionaire's account.

### **2. Adjudication of Appeal**

A. The appeal shall be sent to the Assistant Director of Operations Management & Planning, whose office is located at the Arsenal, 830 Fifth Avenue, New York, NY 10021. The Commissioner has designated the Assistant Director of Operations Management & Planning to decide on the merits of these appeals. The decision of the Assistant Director of Operations Management & Planning shall constitute the final decision of NYC Parks & Recreation.

B. The Assistant Director of Operations Management & Planning is authorized to investigate the merits of the appeal, but is not required either to hold a hearing or to speak to the concessionaire in person.

## **Bid Evaluation**

**In evaluating bids, NYC Parks & Recreation will select the highest fee offer to the city from a responsible and responsive bidder. Failure to respond substantially to the requirements of the RFB will result in the rejection of the bids.** The city is not required to accept any bid. Acceptance of a bid does not imply that every element of that bid has been accepted. NYC Parks & Recreation reserves the right to postpone or cancel this RFB or reject all bids for any or all locations, if in its judgement it is in the best interest of the City of New York to do so.

All Request for Bids submission materials become the property of the City of New York Parks & Recreation, and will generally be made available for inspection and copying by interested parties upon written request, except when exempted from disclosure by the Freedom of Information Law. Proposers may mark as confidential those portions of a proposal which they believe are not required to be disclosed under New York State Freedom of Information Law.

NYC Parks & Recreation is subject to the New York State Freedom of Information Law, which governs the process for the public disclosure of certain records maintained by Parks. (*See Public Officers Law, Sections 87 and 89.*) Individuals or firms that submit proposals to Parks may request that Parks except all or part of such proposal from public disclosure, pursuant to Section 87(2)(d) of the Public Officers Law, on the grounds that the proposal contains trade secrets, proprietary information, or that the information, if disclosed, would cause substantial injury to the competitive position of the individual or firm submitting

the information. Such exception may extend to information contained in the request itself, if public disclosure would defeat the purpose for which the exception is sought. The request for such an exception must be in writing and state, in detail, the specific reasons for the requested exception. It must also specify the proposal or portions thereof for which the exception is requested. If Parks grants the request for exception from disclosure, Parks shall keep such proposal or portion thereof in secure facilities.

NYC Parks & Recreation will not be liable for any costs incurred by bidders in the preparation of bids or for any work performed in connection therein. A bidder may submit a modified bid to replace all or any portion of a bid submitted up until the bid submission deadline. The project manager will only consider the latest version of the bid. Late bids and late modifications will not be considered. Bidders may withdraw their bid from consideration at any time before the bid submission deadline by providing Parks with written notification. Technical addenda issued by NYC Parks & Recreation will be the only authorized method for communicating clarificatory information to all potential vendors. Bidders should contact the agency prior to bid submission to verify that any addenda issued have been received. Bidders should acknowledge the receipt of all addenda as part of their bid submissions.

The Office of the Comptroller of the City of New York is charged with the audit of concession agreements. Any person or entity who believes that there has been unfairness, favoritism, or impropriety in the bid process should inform the Comptroller's Office of Contract Administration, located at 1 Centre Street, Room 835, New York, NY 10007. Telephone number: 212-669-2323.

Adrian Benepe,  
Commissioner

## Food Service Citywide

The **left column** provides the following information: the name of the park, whether the location is approved for a pushcart or a mobile truck, and when the location will become available. The **middle column** indicates the location of the vending site within the park. The **right column** indicates the location's property number, which should appear on the outside of the envelope in which you submit your bid. Parks retains the right to relocate or restrict a pushcart or mobile truck, if necessary. If more than one pushcart or mobile truck is listed under a single property number, Parks will not consider bids placed for only one of those multiple units.
