Curb Allure[®]

Because Every Street Should Be Beautiful

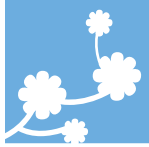

Because Every Street Should Be Beautiful

Curb Allure designs and manufactures high quality modular tree guards and landscape fencing. Our interchangeable “kit of parts” offers durability, flexible design and pricing options, and our unique “breakaway brackets” limit potential damage. We help protect street trees* and urban gardens to make our cities and towns more livable, breathable and beautiful.

***A NYC Parks Department study has proven that trees with guards have a 15.8% greater chance of survival. Add flowers or other signs of care, and survival increases to 36%**

Jacqueline Lu and Jennifer Greenfeld, New York City's Young Street Tree Mortality Study. November 2010

What Makes Curb Allure Products Unique?

Our tree guards are:

- Installed exclusively in New York City by the New York Tree Trust when a donation is made to the New York Tree Trust, a program of the New York City Department of Parks & Recreation and the City Parks Foundation.
- Approved by Trees NY and meet all NYC Parks specifications.
- Modular, durable and constructed to last.
- Available in a wide range of prices and styles.

Our products feature:

- “Break away” brackets that minimize damage.
- Aluminum rust-resistant frames.
- Powder coated versus painted finish.
- Connections that are fastened versus welded.
- Many patented products that are unique to Curb Allure.
- Theft resistant – proprietary locking screws.
- Easily replaceable parts if damage occurs.

If the guard does get damaged, customers can:

- Replace the brackets with ones provided.
- Order replacement parts.
- Just fix it yourself – no contractors necessary.
- Use our touch up pens to repair powder coating.
