

Natural Resources Group
Forest Restoration Team Planting Report
Fall 2010

City of New York
Parks & Recreation
Michael R. Bloomberg, Mayor
Adrian Benepe, Commissioner

Dear Parkie,

The Natural Resources Group (NRG) moved closer to our PlaNYC goal of planting over 400,000 trees throughout the city. This past fall we planted over 30,000 trees in 2 properties in all five boroughs. Our current tally stands at 222,188. Furthermore, we planted over 7,000 shrubs and over 4,000 herbaceous plants. Our primary goal is to create and restore multi-story forests, bringing back the ecological richness of our region. Healthy multi-story forests provide cleaner air, cleaner water, and increased biodiversity.

NRG again hosted the Million Trees volunteer day. Volunteers and Parks' staff planted 21,806 trees altogether. Without volunteers and the support of the Agency, and our institutional and community partners, NRG would not reach its planting goals. Below is a summary of fall 2010.

- Containerized trees planted by the Forest Restoration Team: 27,130 (2009: 26,139)
- Containerized trees planted through contractors: 4,332 (2009: 9,652)
- Balled & burlapped trees planted through contractors: 58 (2009: 267)
- Containerized shrubs planted by the Forest Restoration Team: 5,701 (2009: 4,626)
- Containerized shrubs planted through contractors: 1,492 (2009: 0)
- Herbaceous plugs planted by the Forest Restoration Team: 4,540 (2009: 18,528)
- Hosted 11 volunteer events with a total of 341 volunteers (2009: 32, 468)

Sincerely,

Tim Wenskus
Deputy Director
Natural Resources Group

Reforestation Trees Planted Citywide 2007-2010

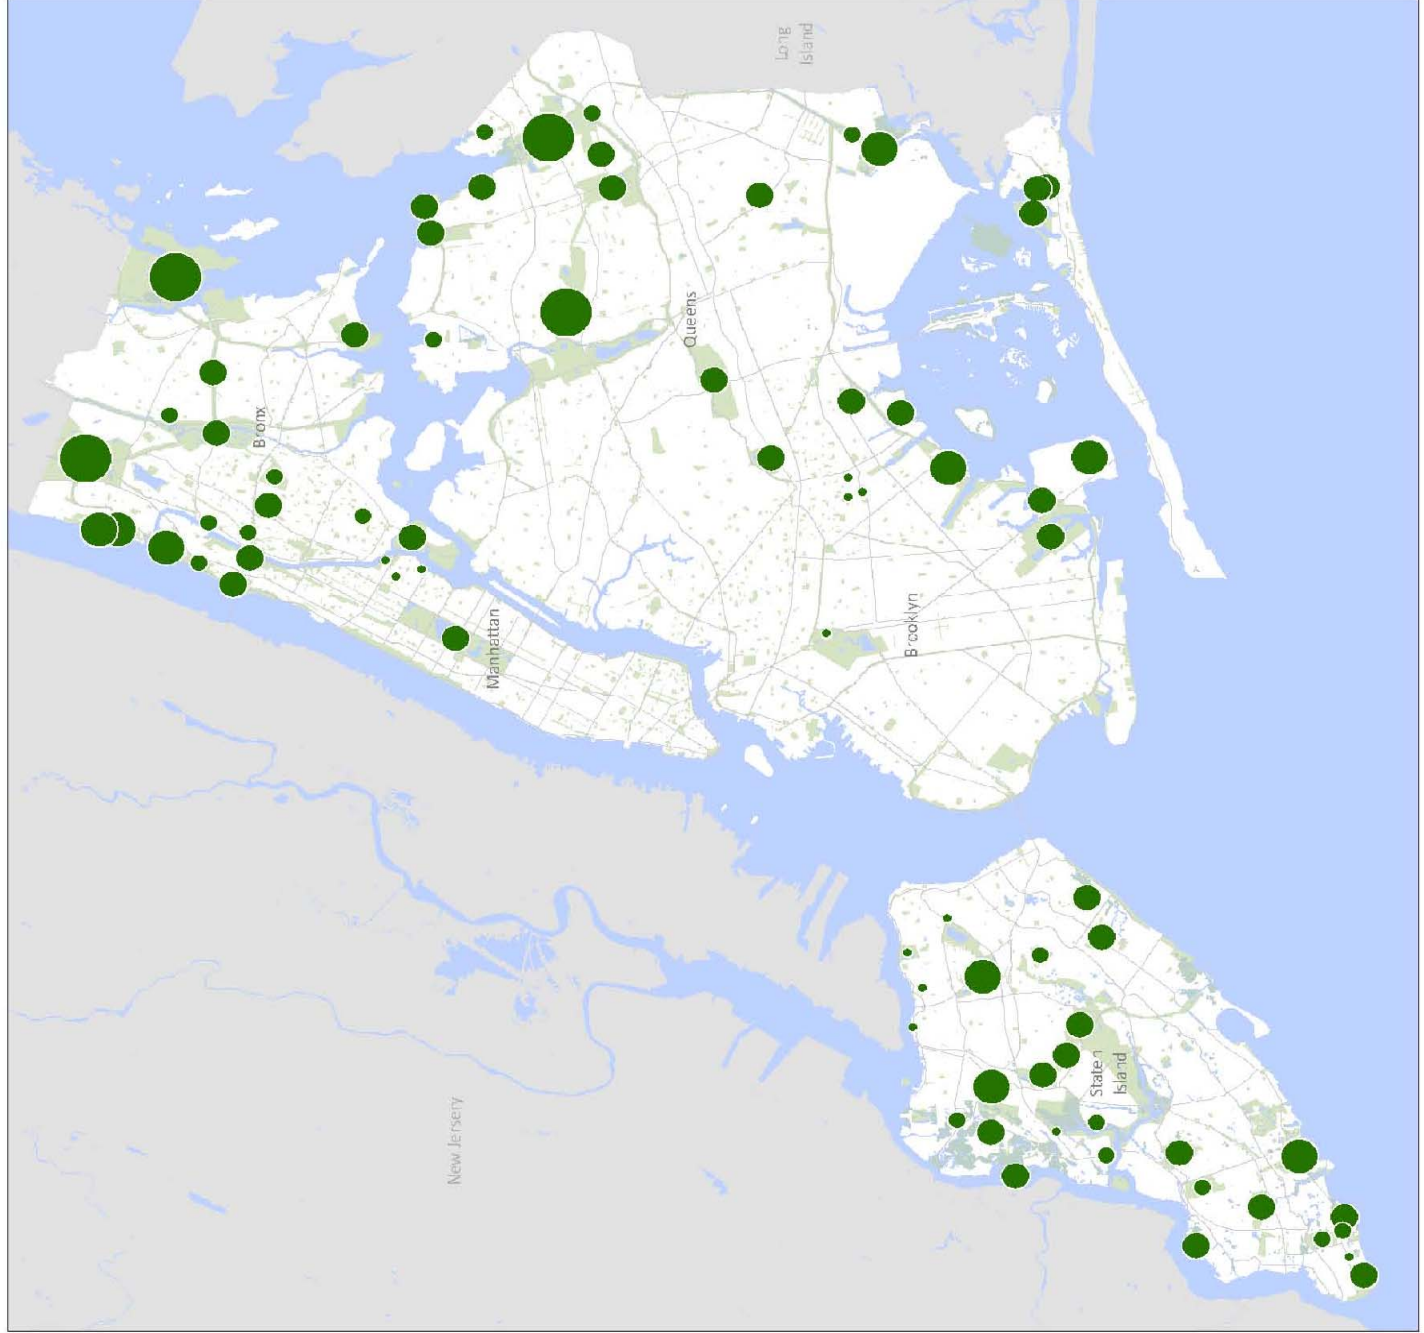

Number of Trees Planted

 Parks

Total Trees Planted: 222,188

Reforestation is one of 127 initiatives launched in 2007 by Mayor Bloomberg as part of PlaNYC to make New York City greener and more sustainable by 2030. It is a key component of MillionTreesNYC, providing 488,300 of the total trees to be planted in the campaign by 2017. To date, 46% of this reforestation tree goal has been met.
