

NYC Parks

CITY OF NEW YORK PARKS & RECREATION
SEASONAL JOB VACANCY NOTICE

Office Title: Stationary Engineer
Civil Service Title: Stationary Engineer
Work Location: TBD

Duration: 6 Months. Expected Start Date: 10/01/2026
Salary: \$73.90 per hour / \$591.20 a day. 40 hours per week
Number of Positions: 3

NYC Parks is an award-winning city agency that builds and cares for public spaces for New Yorkers to connect, play and enjoy. These public spaces, encompassing over 5,000 properties and 14% of the city's land and coastline, include seawalls and waterfronts, pedestrian bridges, beaches and boardwalks, parks and playgrounds, historic houses, recreation centers and pools. We seek a qualified Stationary Engineers for 6 months (temporary position) to maintain and operate heating, refrigeration, or other types of systems essential for our operations.

Major Responsibilities

- Under supervision operate, maintain, and adjust steam power plant and electronic mechanical building equipment.
- Operate, maintain, and adjust boilers, furnaces, engines, pumps, heat exchangers, generators, motors, equipment for heating, ventilating, air conditioning, lighting and associated equipment in public buildings and pumping stations.
- Make periodic inspections of equipment and minor repairs to such equipment.
- Operate control consoles and building management systems in control rooms.
- Prepare requisitions for materials and spare parts.
- Instruct and train subordinates and other personnel.
- Read and log meters, gauges, and other recording devices.
- Perform preventative maintenance. Inspect low-pressure boilers in accordance with a unified inspection procedure instituted by the New York City Department of Buildings. Keep records and produce reports.

Qualification Requirements

1. A valid Certificate of Qualification for Refrigerating System Operating Engineer (Q-01/Q-99*), issued by the New York City Fire Department; and
 2. A valid Universal Section 608 Technician Certification issued by a certifying organization approved by the United States Environmental Protection Agency.
- Certain positions require that candidates possess, within 90 days from the day of appointment, a valid certificate of fitness for Supervision of Fire Alarm Systems (S-95), Citywide Standpipe Systems (S-13), Citywide Sprinkler Systems (S-12) and/or to Operate and Maintain Air Compressors (A-35), issued by the New York City Fire Department.

*All required certificates must be maintained for the duration of the assignment.

License Requirements

1. A valid license for High Pressure Boiler Operating Engineer issued by the New York City Department of Buildings. This license must be maintained for the duration of employment.
2. A motor vehicle driver license valid in the State of New York. If you have moving violations, license suspension, or an accident record, you may be disqualified. This license must be maintained for the duration of your employment.

This position is exempt from NYC residency requirements.

Preferred Skills/Qualifications

1. Experience with ammonia refrigeration systems.
2. A valid certificate for oil burning equipment issued by the New York City Department of Environmental Protection (DEP).
3. Operate, maintain and adjust a chiller plant and all associated auxiliary equipment.
4. Excellent communication and organizational skills; proficiency in Microsoft 365.
5. Ability to work rotating shifts, nights and weekends as needed.
6. A driver license valid in New York State.
