### AGENCY DESCRIPTION

The New York City Department of Parks and Recreation manages 14 percent of the land in New York City. These assets range from playgrounds and large parks, to tranquil wooded areas and more than 14 miles of beaches. Parks serve as New Yorkers' backyards, as vital meeting areas for outdoor play and recreation – but also as critical engines for economic growth and development.

NYC Parks' mission is to plan resilient and sustainable parks, public spaces, and recreational amenities, build a park system for present and future generations, and care for parks and public spaces to benefit New Yorkers across the five boroughs.

Through an effort to improve the quality, accessibility, efficiency and sustainability of our city parks by increasing investment in underserved neighborhoods and expanding parkland: NYC Parks' **Community Parks Initiative**, at the center of the Mayor's plan, is completely redesigning and reconstructing dozens of parks in neighborhoods across the city with the greatest needs—35 of which are nearing the construction phase.

NYC Parks is also leading in innovative park design with **Parks Without Borders**, a new design approach that focuses on improving park entrances, edges, and spaces adjacent to parks. By extending parks into communities, Parks Without Borders will improve New Yorkers' access to quality parks.

Ongoing work to care for our parks has:

- Reconnected the City's two most northern boroughs, Manhattan and The Bronx, when NYC Parks' historic High Bridge was reopened.
- Re-energized Flushing Meadow Corona Park in Queens, one of New York's largest parks, drawing visitors from around the globe.
- Reinforced our commitment to growing greenspaces by meeting our goal to plant 1,000,000 trees.

The work of the agency goes far beyond the maintenance of New York City's nearly 30,000 acres. Parks is the City's leading programmer of cultural, athletic and social activities, including nature walks, concerts, learn-to-swim classes, sports clinics, historic house tours, and much more. Each year Parks hosts annual events such as WinterJam, Adventures NYC, and the Fall Field Day. In addition, Parks produces many special events, concerts and movie premieres, as well as providing free rental equipment for skating, baseball, and miniature golf.

The Parks Commissioner is appointed by the Mayor to oversee and direct the work of the agency. The Commissioner appoints Deputy Commissioners, Borough Commissioners, and Assistant Commissioners who are responsible for managing the agency's divisions. These senior officials supervise the work of thousands of Parks employees. They work with elected officials to complete capital improvements for parks, playgrounds, and recreation centers. They work with the private sector to sponsor free public events. They get the community involved in Parks through volunteer initiatives and educational and athletic programming in recreation and nature centers. They prepare Parks' budget and monitor the work of Parks' ice-skating rinks, golf courses and other concessions.

### UNIT DESCRIPTION

The Greenbelt Native Plant Center, located on Staten Island, is responsible for producing native plant material used in restoration and research projects throughout the city. Our main programs are the collection and storage of seed from local natural native plant populations, container plant production and increasing seed quantities through farming.

### POSITION TITLE

Greenbelt Native Plant Center Intern

### INTERNSHIP RESPONSIBILITIES

We are looking for someone to enter previous year's propagation data into an access database and then analyze it to find correlations between seed collection times and storage methods and what effects they may have on seed viability and plant production.

This internship would expose an individual to seed banking and propagation protocols of hundreds of species of native plants.

### QUALIFICATIONS / SPECIAL SKILLS / AREAS OF STUDY

Experience using Access

Knowledge of plants native to our region would be helpful

Any experience with seed morphology or plant propagation techniques a plus

[nyc.gov/internships](http://nyc.gov/internships)

Capable of working independently

**APPLICATION PROCESS**

Please email cover letter and resume to [Leslie.Nusblatt@parks.nyc.gov](mailto:Leslie.Nusblatt@parks.nyc.gov)

**SALARY RANGE**

Unpaid
