### AGENCY DESCRIPTION

The New York City Department of Parks and Recreation manages 14 percent of the land in New York City. These assets range from playgrounds and large parks, to tranquil wooded areas and more than 14 miles of beaches. Parks serve as New Yorkers' backyards, as vital meeting areas for outdoor play and recreation – but also as critical engines for economic growth and development.

NYC Parks' mission is to plan resilient and sustainable parks, public spaces, and recreational amenities, build a park system for present and future generations, and care for parks and public spaces to benefit New Yorkers across the five boroughs.

Through an effort to improve the quality, accessibility, efficiency and sustainability of our city parks by increasing investment in underserved neighborhoods and expanding parkland: NYC Parks' **Community Parks Initiative**, at the center of the Mayor's plan, is completely redesigning and reconstructing dozens of parks in neighborhoods across the city with the greatest needs—35 of which are nearing the construction phase.

NYC Parks is also leading in innovative park design with **Parks Without Borders**, a new design approach that focuses on improving park entrances, edges, and spaces adjacent to parks. By extending parks into communities, Parks Without Borders will improve New Yorkers' access to quality parks.

Ongoing work to care for our parks has:

- Reconnected the City's two most northern boroughs, Manhattan and The Bronx, when NYC Parks' historic High Bridge was reopened.
- Re-energized Flushing Meadow Corona Park in Queens, one of New York's largest parks, drawing visitors from around the globe.
- Reinforced our commitment to growing greenspaces by meeting our goal to plant 1,000,000 trees.

The work of the agency goes far beyond the maintenance of New York City's nearly 30,000 acres. Parks is the City's leading programmer of cultural, athletic and social activities, including nature walks, concerts, learn-to-swim classes, sports clinics, historic house tours, and much more. Each year Parks hosts annual events such as WinterJam, Adventures NYC, and the Fall Field Day. In addition, Parks produces many special events, concerts and movie premieres, as well as providing free rental equipment for skating, baseball, and miniature golf.

The Parks Commissioner is appointed by the Mayor to oversee and direct the work of the agency. The Commissioner appoints Deputy Commissioners, Borough Commissioners, and Assistant Commissioners who are responsible for managing the agency's divisions. These senior officials supervise the work of thousands of Parks employees. They work with elected officials to complete capital improvements for parks, playgrounds, and recreation centers. They work with the private sector to sponsor free public events. They get the community involved in Parks through volunteer initiatives and educational and athletic programming in recreation and nature centers. They prepare Parks' budget and monitor the work of Parks' ice-skating rinks, golf courses and other concessions.

### UNIT DESCRIPTION

NYC Parks Greenbelt Natural Resources Team (GNRT) operates within the Greenbelt Administration to manage and steward 3,000 acres of natural areas and open space on Staten Island.

### POSITION TITLE

Ecological Landscape Architect Intern

### INTERNSHIP RESPONSIBILITIES

- Report to the Director of Natural Resources to perform landscape architectural work
- Prepare design plans for natural/landscaped areas and trails for restoration
- Prepare Green infrastructure (GI) and tree planting design plans for storm water management
- Develop specifications, cost estimates and visual presentations
- Conduct research to innovate new design that leads to construction for ecologic restoration
- Consult with inter-intra/agency staff for project development
- Conduct site inspections for assessment and quality assurance
- Review contract drawings, reports, maps and specifications

[nyc.gov/internships](http://nyc.gov/internships)

- Identify and outreach to vendors, contractors and engineers for project design work

### **QUALIFICATIONS / SPECIAL SKILLS / AREAS OF STUDY**

- A Bachelor's or Master's degree in Landscape Architecture from an accredited academic institution or in the process
- Knowledgeable to design landscape architecture projects illustrated through a portfolio
- Knowledge or experience with green infrastructure principles
- Strong arboricultural and horticultural background
- Demonstrate AutoCAD/QCAD, Photoshop, 3D rendering and GIS skill sets
- Proficient in Microsoft Office Suite
- Able to effectively work independently and in groups
- Able to conduct field work in natural settings
- Good communication skills and work ethics
- Detail oriented

### **ADDITIONAL INFORMATION**

This internship is ideal for college students/graduate students entering into this field.

### **APPLICATION PROCESS**

Please email cover letter and resume to [Leslie.Nusblatt@parks.nyc.gov](mailto:Leslie.Nusblatt@parks.nyc.gov)

### **SALARY RANGE**

Unpaid
